

MSS®-Leathershine

Leather Cleaning and Polishing Agent

Building
Maintenance

Features

Cleans, cares for, and protects against harmful sun rays. Leather Cleaner and Protector removes dust and dirt from all types of leather (upholstery and covering) surfaces, restoring the leather to its original appearance and softness. Leather Cleaner and Protector provides protection against harmful UV rays with its sunscreens, moisturizes with natural oils, and protects the leather from damage caused by daily use.

Composition: Contains special leather cleaning and conditioning agents.

Physical Properties: White Liquid

Areas of Use: Produced for furniture, surfaces and accessories made from natural leather.

How to Use

1. Shake the bottle well.
2. Always test the product on an inconspicuous area before use. Do not use if you notice any adverse effects.
3. Pour onto a clean, soft, and paint-free cloth and spread over the surface using circular motions.
4. Wait one or two minutes.
5. Polish with a clean, soft cloth.
